

New Online Learning Course for Childcare Providers on Adult Immunizations

2 FREE STARS CREDITS

Register at www.cshelwa.org

Immunizations protect you, your family, and the children in your care. Take this FREE online course and learn more about the immunizations ADULTS need in the child care setting and beyond.

Adult Immunizations is now available online and on an ongoing basis at www.cshelwa.org.

The course is now available in English AND Spanish, and is designed to take 2 hours to complete.

The course covers information about:

- How immunizations work
- Diseases vaccines prevent
- Vaccine safety
- Requirements in the child care setting & more!

Developed by:

WithinReach™

CSHEL
Coalition for Safety and Health in Early Learning, Washington State

CSHEL develops, promotes and advocates for quality child health and safety in early learning settings in Washington State.
